**LOOK OUT.**

"Caution is the Parent of Safety."

A N attack of the Piles may be positively prevented by using (when the premonitory symptoms are felt) the celebrated Hay's Liniment. There are more than one hundred people in this city, and in the United States an immense number, who have suffered beyond endurance by this dreadful complaint, who keep themselves wholly free from attacks by applying this Liniment when they felt any symptoms of approach; of this there is the most perfect proof. None genuine without the name of Comstock & Co. written on the wrapper.

Sold at 21 Courtlandt street, N. Y. and at Ypsilanti.

From the Boston Chronicle, Jan. 10.

WE see by an advertisement in another column that Messrs. Comstock & Co., the American agents for Oldridge's Balm of Columbia, have deputed to sell that article in Boston and elsewhere. We know a lady in the city whose hair was so nearly gone as to expose entirely her phenological developments, which, considering that they betokened a most available disposition, was not, in reality, very unfortunate. Nevertheless she mourned the loss of locks that she had worn, and, after a year's fruitless resort to misadvised restoratives, purchased, some months ago a bottle or two, of Oldridge's Balm, and she has now ringlets in rich profusion, glossy, and of raven blackness. We are not puffing—none of the commodity has been sent us, and, indeed, we do not want any for we have now, through its virtue, hair enough, and of a possible quality, of our own.

**DARING FRAUD.**

The Balm of Columbia has been imitated by a notorious counterfeiter. Let it never be purchased or used unless it have the name of E. S. Comstock, or the signature of Comstock & Co. on a splendid wrapper. This is the only external test that will secure the public from deception.

**CAUTION CIRCULAR.**

To Druggists and country Merchants.

Those valuable articles, Oldridge's Balm of Columbia for the Hair, and Hay's Liniment for the Piles, etc. have been extensively counterfeited. Those wanting these preparations will please write, when ordering from any other houses, for Comstock's articles.

The true articles have that name or signature always on the wrapper, and vendors will do well to remember that, which ordering, as the imitations are so exposed in nearly all the newspapers throughout the country, that they could not be sold, should they be so unfortunate as to get them.

Our friends throughout the Union are requested to give us immediate notice, by letter should any of the counterfeits appear in their respective places.

Respectfully,

**VALUABLE SCHOOL BOOKS.**—Two of the best, and most useful and necessary **SCHOOL BOOKS**, are the following, which have received the sanction of the best judges in the State of N. York, and have been extensively introduced into the common schools and Academies of that State. They have likewise been approved by the Superintendent of Public Instruction of Michigan, (Dr. Comstock,) and selected by him to be used in the common schools of this State, viz:

**THE AMERICAN CLASS READER.**—containing a series of lessons in reading with introductory exercises in articulation, inflection, emphasis, and the other essential elements of correct and natural elocution; designed for academies and common schools.

By GEORGE WILSON, formerly Principal of the Canandaigua Academy, and the principal of the Livingston county high school.

(The design of the American class reader is to teach children how to read. It is not sufficient for the purpose, that a book be instructive and entertaining, and the selections classic and classical in point of diction; it should be also properly adapted to exercise the reader in all the varied tones, inflections, and other requisites, that belong to correct natural elocution. The Rev. J. Spencer, of Brooklyn, N. Y. an experienced Teacher says:—"I have very carefully examined the American Class Reader, by George Wilson, and have no hesitation in expressing my opinion of its excellence. I consider it the best work for the purpose which it is designed, that I have ever seen, and I cannot but desire its immediate adoption in our Academies and schools." Similar recommendations from hundreds of others, have been received.)

**A PRACTICAL AND THEORETICAL SYSTEM OF ARITHMETIC,** containing several new methods of operation, and a new system of Proportion; with Theoretical explanations of all the principal rules. Algebraic Treatise on Mensuration, and a brief practical system of Book Keeping, by the author of the American class reader.

If the above are for sale at the Michigan Book Store, by the dozen or singly. Also for sale by E. Samson, Ypsilanti. Teachers, who have not already examined them, can receive copies gratis, by calling at 143 Jefferson avenue Detroit.
